

WATER TRUCKS CATALOGUE

EXPERIENCE THE WORLD-CLASS DIFFERENCE
WITH LIGHTNING-FAST DELIVERY

WATER TRUCKS ARE THE BACKBONE OF OCCUPATIONAL HEALTH AND SAFETY THROUGHOUT AUSTRALIA IN MYRIAD OF SETTINGS – FROM MINING OPERATION TO CONSTRUCTION SITES.

Designed specifically for use in Australia, a nation with harsh landscapes known for its dry land, STG's water trucks are instrumental in safe dust suppression, fire prevention and soil compaction. Available in a variety of sizes, our water trucks have a hydraulic nozzle situated at the rear – employing our advanced systems to discharge the correct amount of water in a systematic and controlled manner.

Our vehicles are built for all Australian landscapes, with our no rust guarantee, we have confidence that your water truck will last the test of time. All our water trucks for sale, have the ability to be customized – allowing them to integrate seamlessly into your current fleet. We service all over Australia and promptly deliver your new vehicle to your desired location within Australia.

WATER TRUCK 4X2 - WT8000

STG Global are committed to providing a diverse range of water trucks customised to suit every clients needs. STG's water tanks are fully hot dipped galvanised which reduces the risk of rusting and come complete with internal baffles and pipework which reduces the risk of damage.

INCLUSIONS:

- 8000 ltr (2113 gal) fully hot dipped galvanised water tank with painted sides and rear
- Choice of rear gravity fed drop bar or pressurised dribble bar
- 15 m (49 ft) of hose with nozzle
- Overhead fill and self fill
- Driver operated pneumatic in cab controls to all sprays
- 3 x rear and 2 x batter sprays
- Certified ROPS handrails and ladders

OPTIONAL EXTRAS:

- Dial up hydraulic system
- Water cannon
- Front road spray

WATER CANNON &
IN-CAB CONTROLS

WATER TRUCK 6X4 - WT13000

Robust, sturdy design excellent for dust control on mine sites, haul road and bulk water supply. Equipped with front sprayers capable of covering extended areas. STG's water tanks are fully hot dip galvanised to minimise the risk of rusting and have internal baffles to reduce destabilising water movement while the vehicle is in motion.

INCLUSIONS:

- Choice of either the 13000 ltr (3434 gal) (pictured to the right) or the 12,000 ltr (3,170 gal) with toolbox and side storage. Both are fully hot dipped galvanised with painted sides and rear
- Choice of rear gravity fed drop bar or pressurised dribble bar
- 15 m (49 ft) of hose with nozzle
- Overhead fill and self fill
- Driver operated pneumatic in-cab controls to all sprays
- 3 x rear and 2 x batter sprays
- Certified ROPS handrails and ladders

OPTIONAL EXTRAS:

- Dial up hydraulic system
- Water cannon
- Front road sprays

WATER CANNON
& IN-CAB CONTROLS

WATER TRUCK 8X4 - THE SUPPRESSOR 13000

Introducing the Suppressor 13000 - the more versatile option to a conventional water truck. Designed to last up to 3 hours on-site, this makes a much more efficient and viable option than a traditional water truck. With up to 6 times greater efficiency, the Suppressor 13000 is the perfect dust suppression solution for your business.

INCLUSIONS:

- 13000 ltr (3434 gal) fully hot dipped galvanised water tank with painted sides and rear
- PTO driven 4x3" water pump
- Choice of rear gravity fed drop bar or pressurised dribble bar
- Overhead fill and self fill
- Elkhart brass cannon with fog nozzle
- Heavy duty cummins generator with remote start panel
- Rear water cannon with 100 metres spray range
- Driver operated pneumatic in-cab controls to all sprays

OPTIONAL EXTRAS:

- Battery isolation switch with lock out facility
- Two led work lights mounted to corners of water truck
- Reverse camera

WATER CANNON
& INDIVIDUAL
CANNON CONTROLS

WATER TRUCK 8X4 - WT18000

Robust sturdy design excellent for dust control on mine sites, haul road and bulk water supply. Front sprayers capable of covering large areas. STG's water tanks are fully hot dip galvanised to minimise the risk of rusting and have internal baffles to reduce destabilising water movement while in motion.

INCLUSIONS:

- 18000 ltr (4755 gal) fully hot dipped galvanised water tank with painted sides and rear
- Choice of rear gravity fed drop bar or pressurised dribble bar
- 15 m (49 ft) of hose with nozzle
- Overhead fill and self fill
- Driver operated pneumatic in cab controls to all sprays
- Certified ROPS handrails and ladders

OPTIONAL EXTRAS:

- Dial up hydraulic system
- Water cannon
- Front road, rear and batter sprays

WATER PUMP

8,000L POLYTANK 4X2 - WATER TRUCK

The STG 8000L Poly Tank Water Truck, with its compact body, can squeeze its way to the tightest spots, providing enough water to suppress dust and debris in your projects. Having the 'ribbed' roof gives it the structural identity for manned access and can be self-supporting of a safety rail without the need for external framework.

INCLUSIONS:

- 8000 ltr (2113 gal) fully hot dipped galvanised water tank with painted sides and rear
- 4 x 2 truck
- Front road, rear and batter sprays
- Choice of rear gravity fed drop bar or pressurised dribble bar
- 15m (49 ft) of hose with nozzle
- Overhead fill and self fill
- Driver operated pneumatic in cab controls to all spray

OPTIONAL EXTRAS:

- Dial up hydraulic system
- Wireless remote water cannon
- Certified ROPS handrails and ladders
